IDENTIFIERS Kent State University OH Regional Campuses

ABSTRACT

Prepared for the faculty and staff of the Kent State University Regional Campuses, this fact book provides an overview of the system, including data on students, faculty, staff, and programs. The first section presents general information on the regional campus system, its mission, each member campus, the organization and administration of the regional campuses, and accreditation. This section also lists the campuses' administrative officers, as well as the degrees and programs offered by campus. In the second section, data tables and graphs provide student information, such as enrollment by campus for fall 1990 and spring 1991, and for all campuses for fall semesters 1979-1990; and college enrollment by gender, by race/ethnicity, by class level, by program, and by major for fall 1990 and spring 1991. The third section consists of program information, including course sections within departments for fall 1990, basic skills assessment test results for fall 1990, developmental course enrollment for fall 1990 and spring 1991, associate degrees awarded in 1990, and library holdings for July 1, 1989 to June 30, 1990. In the final section, data tables and graphs display faculty and staff information, including data on full- and part-time faculty for fall 1990 and total faculty by campus for fall 1987 through fall 1990; full-time faculty by gender, academic rank, and appointment status for 1990-91; administrative staff for 1990-91; and support staff by job category for 1990-91, and by campus for 1987-88 through 1990-91. FOREWORD

This Regional Campuses Fact Book has been prepared for the faculty, staff, and colleagues of the Kent State University Regional Campuses. It presents information about students, faculty, staff and programs in a format we hope will be useful.

The Fact Book may be used as a convenient reference for answering some of the most frequently asked questions about the campuses. The examination of these current and historical data may also aid in anticipating and planning for the future and promoting the enhancement of programs, services, and facilities.

The Regional Campuses Office of Academic Assessment and Evaluation Services welcomes comments concerning how future editions of this document can be improved. For suggestions and additional print or electronic copies of the Fact Book, please contact:

Information Sources

Student information was provided by the Office of Resource Analysis and Planning and the Regional Campuses Office of Admissions and Records. The Basic Skills Assessment results were provided by the Regional Campuses Developmental Education Coordinators. Developmental course enrollments were taken from the Section Count Report. Library holdings information was provided by the Office of Resource Analysis and Planning. All faculty and staff information was provided by the Regional Campuses Office of Business Affairs. The information concerning freshman students on pages 30 through 35 applies to all students with fewer than 32 semester hours completed, not only new freshmen.

GENERAL INFORMATION

The Regional Campus System

Kent State University's Regional Campuses are a system of seven community-oriented institutions within northeastern Ohio. State legislation passed in 1962 led to the permanent establishment of Regional Campus facilities, three of which, the Ashtabula, East Liverpool, and Salem campuses, are named for the cities in which they are located, and four of which, the Geauga, Stark, Trumbull, and Tuscarawas campuses, are named for their counties and are located near the cities of Burton, Canton, Warren, and New Philadelphia, respectively.

Mission of the Regional Campuses

The mission of the Regional Campuses is to offer freshman and sophomore level coursework in technical and baccalaureate areas. Successful completion of programs in these areas leads to associate degrees. Baccalaureate courses include the University's thirty-nine credit hour Liberal Education Requirements. The campuses offer continuing education, developmental education, and a selection of junior, senior, and graduate courses. They also provide community service activities of an educational nature.

The Campuses

The **Ashtabula Campus**, 3325 West 13th St., Ashtabula, OH 44004, (216) 964-3322, first operated in its community in 1958 and established its first permanent building in 1967. It occupies an eighty acre site on the shores of Lake Erie and is comprised of three buildings: a large, three-winged structure radiating from an open courtyard, a library, and a technology building. The site also features a band shell and a stage located in a large grove of trees. In addition to a variety of cultural, social, and student activities, the campus also offers academic support services, continuing studies, developmental education, certificate programs, the first two years of most baccalaureate programs, and programs in business, engineering, nursing, and computer technologies, including the new Marine Retail Operations Technology program which is unique in Ohio.

The **East Liverpool Campus**, 400 East 4th St., East Liverpool, OH 43920, (216) 385-3805, first operated in its community in 1951 and established its first permanent building in 1968. It occupies a two acre downtown site overlooking the Ohio River and is comprised of three buildings. In addition to a variety of cultural, social, and student activities, the campus also offers continuing studies, academic support services, developmental education, the first two years of baccalaureate programs, and programs in business, health, and computer technologies.

The **Geauga Campus**, 14111 Clairdon-Troy Road, Burton Township, OH 44021, (216) 834-4187, first operated in its community in 1964 and established its first permanent building in 1976. It lies at an eighty-eight acre site at the heart of Ohio's maple syrup country, which provides easy access to urban, suburban, and rural areas. In addition to the several cultural, social, and student activities, the campus also offers training for area business and industry, academic support services, developmental education, certificate programs, the first two years of baccalaureate programs, programs in business management and computer technologies, and technical studies.

The **Salem Campus**, 2491 State Route 45 South, Salem, OH 44460, (216) 332-0361, first operated in its community in 1962 and established its first permanent building in 1971. It occupies a ninety-eight acre site just south of the city of Salem, featuring a man-made lake and a twenty-five acre outdoor classroom and nature walk. In addition to a variety of cultural, social, and student activities, the campus offers continuing studies, academic support services, developmental education, the first two years of baccalaureate programs and programs in the business, engineering, health, and computer technologies.

The **Stark Campus**, 6000 Frank Avenue, Canton, OH 44720, (216) 535-3377 or 499-9600, first offered classes in 1946 and established its first permanent building in 1967. The campus occupies five buildings on a 200 acre site in the rolling terrain three miles south of the Akron-Canton Regional Airport. Students at the Stark Campus can complete the freshman and sophomore years of most of the University's 170 majors and can earn the Associate of Arts or Associate of Science degree. The campus also offers developmental courses, academic support services, opportunities for professional development and continuing studies, and a wide variety of cultural, social, and student activities. A teleconferencing center, research and evaluation center, Management Development Consortium and International Business Resource Center are also maintained at the Stark Campus.

The **Trumbull Campus**, 4314 Mahoning Avenue, Warren, OH 44483, (216) 847-0571, first operated in its community in 1954 and established its first permanent building in 1970. It is located just north of the Route 5 bypass on State Route 45. At the Trumbull Campus, students may enroll in courses leading to an associate degree, certificate programs, the first two years of baccalaureate programs, a liberal arts core and, occasionally, graduate courses and continuing study as well as developmental education courses. The campus is well equipped for fun and relaxation and includes a gymnasium with a seating capacity for 2,400, a theater, tennis courts, and a one-mile fitness trail. The campus also offers a variety of social and cultural activities for area residents and a wide variety of student activities, academic support services, and programs for business and industry.

The **Tuscarawas Campus**, University Drive, New Philadelphia, OH 44663, (216) 339-3391, first operated in its community in 1962 and established its first permanent building in 1968. It occupies a site which is within a few minutes of a number of important historical areas including the Ohio Outdoor Drama, which performs "Trumpet in the Land" nightly during the summer; Schoenbrunn Village, Ohio's first European settlement; the airport where John Glenn, America's first man into orbit, took his flying lessons; and the Warther Museum, famous for its collection of carvings. In addition to a variety of cultural, social, and student activities, the campus offers continuing studies, academic support services, developmental education, certificate programs, the first two years of baccalaureate programs, and programs in the business, computer, health, and engineering technologies.

Organization and Administration of the Regional Campuses

The Kent State University Board of Trustees is vested by the state of Ohio with the authority for the governance of the University, including the Regional Campuses. The University's day-to-day operations are administered by the President and the Vice Presidents for Academic and Student Affairs and Provost, Business Affairs and Treasurer, Institutional Advancement, and Human Resources. Responsibility for the administration of the Regional Campuses rests with the Vice Provost for Regional Campuses.

Regional Campuses Administrative Officers

Gordon W. Keller	Vice Provost for Regional Campuses
Alan C. Coe	Dean for Academic Affairs
John K. Mahan	Dean, Ashtabula Campus
Suzanne B. Fitzgerald	Dean, East Liverpool Campus
Larry D. Jones	Dean, Geauga Campus
James F. Cooney	Dean, Salem Campus
William G. Bittle	Dean, Stark Campus
David A. Allen	Dean, Trumbull Campus
Harold D. Shade	Dean, Tuscarawas Campus

Accreditation

All of Kent's campuses are accredited by the North Central Association of Colleges and Secondary Schools. Some associate degree programs have also earned special accreditation. The Nursing program, for example, is accredited by the National League for Nursing, and two of the Engineering Technology programs at the Tuscarawas Campus are accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology (TAC/ABET). The Radiologic Technology program is accredited by a committee on Allied Health Education and Accreditation.

Degrees and Programs Offered at Each Regional Campus

Ashtabula Campus

Associate of Arts
Associate of Science
